PROMO 70

PREFACE.

At the annual meeting of the New England Historic Genealogical Society, in January, 1898, the Society voted "That an alphabetical list of the present members of the Society be printed with the proceedings of this day; the preparation of the same to be under the direction of the Committee on Rolls."

Well aware that, with more than five hundred changes in its membership since the Society printed the Rolls in 1893, the appearance of the proceedings would be followed by numerous communications calling attention to errors, or containing suggestions, I desired to have a reprint, embodying the corrections, issued a month later than the proceedings. It was, however, imperative to distribute the type at once and I was disappointed as to this plan.

Although the lists were carefully copied by Mr. Frederic Willard Parke, it was necessary for me to devote some forty hours, with considerable volunteer assistance, to the tedious labor of verifying these lists by comparing them with the chronological records. An equal amount of time was expended in ascertaining that the names and residences of the members were correctly written, but the result has proved that more time was requisite to perfect the Rolls, especially in the matter of academic degrees, and the proceedings contain a number of misprints that ought not to have occurred.

The Society publishes its Rolls of Membership so seldom that I feel strongly the importance of having them correct, and early in April determined to continue my labors upon the Rolls, and to print them again and at my own expense. I have now adopted

new methods of keeping the records, which, if continued, will obviate in the future a repetition of much of the labor that has been essential to prepare the Rolls for the press.

It is my intention to indicate all the academic degrees received by our members except A.B., when followed by A.M., and S.T.B. or D.B. by D.D. No distinction is recognized between S.T.D. and D.D.

An attempt is made to give the principal learned societies and orders to which our honorary and corresponding members belong. The well known English societies and orders are designated by the customary letters, and the American societies by the abbreviations used in the catalogue of Harvard University. We have one French and two Italian corresponding members, all of whom belong to many learned societies, too numerous to mention, but I give the names in English of such orders conferred upon them as appear in the *Almanach de Gotha*.

The date preceding a name is that of the year of the member's election. In the case of a Life Member two dates are given, the first being that of the year when the life membership began, and the second, in parenthesis, that of entrance into the Society. Where a membership had ceased and has subsequently been renewed by election, the later date only will appear.

The titles "Honorable" and "Esquire" are omitted, as are also military and naval titles, except in the case of an officer of the regular Army or Navy. Villages and post-offices are not recognized unless within the municipal limits of Boston. All residences are in Massachusetts unless the contrary is indicated.

It is earnestly requested that all errors be reported.

GEORGE KUHN CLARKE,

Committee on the Rolls of Membership.

July 1, 1898.
